

A group of eight female nursing students are posed around a light-colored wooden table. They are all wearing teal-colored scrubs and have stethoscopes draped around their necks. Several of them have identification badges pinned to their scrubs. They are all smiling at the camera. On the table in front of them are several stacks of white papers or books. The background is a bright, out-of-focus indoor space, likely a classroom or a common area in a healthcare facility.

Tamilnadu Institute of Allied Health Science

Empowering future healthcare leaders through excellence in nursing education.
